

KCA TOOL BOX TALK: Getting On & Off Equipment

Getting on and off equipment can lead to accidents ranging from sprains, cuts, bruises, fractures and even death.

Getting On and Off Equipment:

- Face the equipment and maintain three-point contact when descending.
- Wear shoes that will provide support and traction.
- Set the parking brake to prevent the equipment from moving.
- Keep areas clean and free of debris.
- Inspect the steps for mud or other conditions that will make the footing slippery.
