

## KCA announces the creation of the KCA Safety Committee

We are excited to announce the creation of the KCA Safety Committee. The goal of this committee is to improve the safety record for each member of the KCA through sharing knowledge, experience, and best practices.

This committee will also rely on KCA members' input regarding their individual safety needs and concerns. We are reaching out to hear about your safety questions and safety obstacles from KCA General Contractors, Construction Managers, Sub Contractors, Specialty Contractors, and Associate Members.

**Contact us to share your thoughts and insights with the KCA Safety Committee. We rely on members' experiences to help keep construction sites and workers safe. Remember: Teamwork Improves Safety!**

On behalf of the KCA Safety Committee, we would like to introduce the following committee members:

**Chairperson:** Joseph Orr, III (J.C. Orr & Son)

**Committee:**

Michael Metz-Topodas (Cohen Seglias)

Darren Rech (Butz)

Tom Scott (McClure Company)

Don Tracy (Quandel)

**Mission Statement:**

As a leader in construction safety and health, the KCA relies on this committee for sharing knowledge, experience and best practices to improve the safety record for each member of the KCA.
